

## 2017 GLMC GRAND TOUR SPECIFIC LOCATIONS

### Reminders:

- For any national/state park or museum the photo should be of the entrance or building. The goal is to not require any money be spent on entrance fees
- Travel at your own risk, there are a few locations on gravel/dirt/unimproved roads. Be sure to scout or prepare for traveling to any locations.
- Labeling your photos with the location code would be helpful but not required.
- There are combo points available and listed at the end of this list. They are all or nothing.
- The points for the combo are in addition to the individual locations.
- We are not trying to trick anybody with what is required in the photo, use your best judgment if something doesn't seem right. If something isn't where I have it listed, find something nearby or in the spirit of the location (town signs, city halls, different giant bat, etc)
- Each location is worth 1 point
- Any questions can be e-mailed to [glmcgrandtour@gmail.com](mailto:glmcgrandtour@gmail.com) or post at the GLMC Garage
